Will OneStop work for me?

We are working with you to make sure that OneStop is easy to use and meets your needs. Here is just some of the feedback on the prototype:

"This is a godsend. My client and I could have registered his business in an hour using OneStop. With the old system, it took three weeks and running all over town."
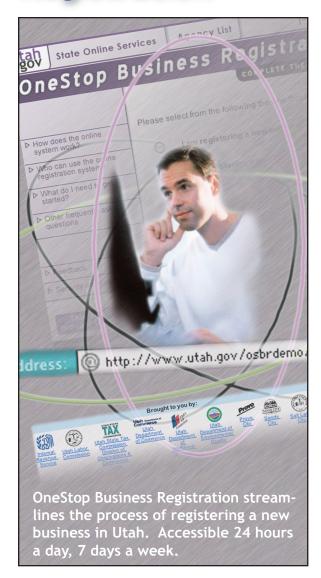

"Decreases paperwork substantially."

"You have made a very confusing and time-consuming process a whole lot easier. Thanks!"

"Huge benefits to the system - all in one location, convenient, getting my federal employer identification (FEIN) immediately."

"I appreciate your building links to more information where needed."

OneStop Business Registration

OneStop Business Registration stream-lines the process of registering a new business in Utah. Accessible 24 hours a day, 7 days a week.

What is OneStop Business Registration?

OneStop Business Registration is an online application - available 24 hours a day, 7 days a week - that streamlines the process of registering a new business in Utah. It guides the new business registrant through a series of questions designed to comply with federal, state and local government registration requirements, allowing the user to complete the process as quickly and accurately as possible.

In the past, registering a business meant hours, even days, of visiting different agencies. With OneStop, access will be right at your fingertips:

- Utah Cities and Counties
  Business license forms

- Utah Department of Commerce
  Business name reservation and registration

- Utah Department of Environmental Quality
  Program and permit contact information

- Utah Department of Workforce Services
  Unemployment insurance registration

- Utah Labor Commission
  Worker compensation coverage verification

- Utah State Tax Commission
  Tax account registration

- Internal Revenue Service
  Federal Employer Identification Number (FEIN)

What will OneStop cost?

New business registrants will pay customary agency registration fees online, but there are no extra charges or convenience fees for using the OneStop registration tool itself.
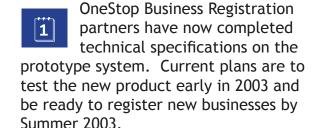

Where do I go to see OneStop?

It's easy. Just access the internet and log on to: http://www.utah.gov/osbrdemo/

When can I start using OneStop?

OneStop Business Registration partners have now completed technical specifications on the prototype system. Current plans are to test the new product early in 2003 and be ready to register new businesses by Summer 2003.

Where do I go for more information?

To provide us with feedback or for additional information, please contact either of the following business partners:
